ORDER OFFICERS Despondency TO CAMP AT LURAY

Infantry Commanders Will Receive Instruction From Army Men.

COURSE OF STUDY OUTLINED

Only Good Reasons Will Be Accepted for Failure to Attend.

All infantry officers in Virginia are directed, through orders issued yesterday by Adjutant-General W. W. Sale, to report at Luray on May 24 for a week's duty in a camp of instruction. A corps of officers assigned from the regular army will instruct the volunteers, as was the case last year at l'etersburg. Those who attended the latter camp were delighted with the Knowledge and experience gained, and it is the intention to make the Luray school still more successful.

To be relieved from this duty, each officer who finds it impossible to attend must make application for a special order, giving in all cases specific reasons for such a request. This indicates that all are expected to be present, No application for relief will be considered if it reaches. Adjutant-General Sale's office later than May 19.

Not only the infantry officers, but those assigned to this branch of the service, are expected, save medical officers. Assistant inspectors of small arms practice will, however, be excused, it being necessary for them to attend the national rifle shoot later.

In order that officers contemplating tending this camp may be properly instructed, the following course of study will be systematically followed:

Chickahominy Residents Prepare for Concerted Action in Reclamation.

Plans are now underway to include the entire Chickahominy region, from near Richmond to the mouth of the river, in the drainage district which it is proposed to be formed. Recently a meeting was held of farmers in the upper section, and the Chickahominy Drainage Association was formed. Now it is stated, the owners of property lower down are willing to come in and share the expenses and the benefits.

Such an arrangement would, it is believed, inure to the benefit of all. Recently an expert from the Bureau of Drainage Investigations of the National Department of Agriculture looked over the ground. He said then he could not see a desirable spot at which to stop the drainage, and advised concerted action to drain all the bottoms to the mouth of the river.

Dr. D. W. Starbuck, the pioneer in the agitation for reclamation of lands in this part of the State, was at the Capitol yesterday. The next move, he said, is to be made by C. G. Elliott, chief of the Bureau of Drainage Investigations, who will advise the extent to which his engineers can take part in the work. It is hoped by the Chickahominy farmers that the United States government will pay a large part of the cost of the surveys. It is expected that the work can be done for less than \$19 an acre, as there appears to be more land capable of reclamation than was at first thought.

Colored People Hear Address by Minister at
Ball Park.

Worthy citizenship was the purport of the
message to the people of the colored race
divered yesterday by Rev. E. H. Hunter, of
the Third A. M. E. Church, on the occasion
of the celebration of Emancipation Day by
his race in Richmond. Exercises were held
at the ball park in accordance with the annual custom. The speaker discussed the obligations of

citizenship, saying that no school which draws support from public funds has a right to exist unless it makes the development of good and loyal citizens the basis of its instruction. "Half the treasures," he said, "annually spent in maintaining prisons, supporting courts and providing police protection would in a generation be largely dispensed with if used in training the youth in proper regard for the responsibilities of citi-tenship."

To-day petitions to Mayor Cutchin asking him to resign, pending investigation, were circulated and signed by man-citizens.

Policeman Johnson, who testified before the recent grand jury, and Police Sergeant Lemon, who has been suspended pending an investigation following the report of the grand jury, narrowly missed having a personal encounter yesterday, and had it not been for bystanders a fight would have occurred. It is said that Lemon attacked the policeman because he had testified, and a quarrel ensued.
